“ Mark was always making us laugh and he never changed. We had not seen each other in years and when he was traveling through where I live and he stopped at our connected family member house he FaceTime me and it was like back in the days like we didn't miss a beat and he had me cracking up laughing. Rest well fam he will be surely missed. My condolences to the family and friends.

Where do I start. You talking about history. Mark Anthony created history with me. He claimed my boys as his. Even though we were in two different states we spent a lot of time together and have tons of memories. We would sit up day in and day out laughing. Rest easy my love.
