“ I am truly sorry for your loss of Michael, or as I knew him, Yaya. He was genuinely a good man with a big heart and I was deeply saddened when i heard of his death. While living at Oxford House, he went out of his way to fix my car. Knowing I have little money, he did it practically for nothing, saving me hundreds. I was blessed to have known him the short time I did and grateful for his kindness. He will be missed and I will keep you all in my prayers.

“ Puntnie,  
I will always love you! Although our lives took different turns somewhere down the line, I NEVER STOPPED LOVING YOU! Without you, OUR PRECIOUS ANGEL/GIFT (Our Son: Antwan) would have never came into existence. For that reason, I will always love you! Puntnie, you may be absent from the world physically, but you will always be present in my heart Forever.  
Love Always,
