“ I know it has been several years since William's passing but I only recently discovered this. We worked together at WOLO for only a year in my very first TV job. He and I worked together on a daily basis, we would often do the morning news together (me directing and him doing everything else, because he could)!

I still remember the sound of his big laugh and the sweetness of his personality. He knew so much and shared that knowledge with me liberally. I was very fond of him and my time at the station.

“ My thoughts and prayers are with you and your family during this time “It will be the little things that you will remember, the quiet moments, the smiles, the laughter, and although it may seem hard right now, it will be the memories of these little things that help to push away the pain and bring the smiles back again.”
